

Utah's 12 Local Health Departments

**Statewide Disease and Outbreak Reporting Number
1-888-EPI UTAH (374-8824)**

<http://health.utah.gov/epi>

- *Call to report any outbreaks, unusual events, or request assistance (see back)*
- *Public Health assistance available 24/7*

Call immediately if you see or suspect a case of:

- Anthrax (cases and suspect cases)
- Botulism
- Cholera
- Diphtheria
- *Haemophilus influenzae* (invasive disease)
- Hepatitis A
- Measles (rubeola)
- Meningococcal disease
- Plague
- Poliomyelitis (paralytic)
- Rabies (human and animal)
- Rubella
- Severe Acute Respiratory Syndrome (SARS)
- Smallpox
- *Staphylococcus aureus* with resistance (VRSA) or intermediate resistance (VISA) to vancomycin isolated from any site
- Tuberculosis
- Tularemia
- Typhoid
- Viral hemorrhagic fever
- Yellow fever

Call immediately if you see or suspect:

- Any outbreak or epidemic, including suspected or confirmed outbreaks of foodborne or waterborne disease.
- Any unusual occurrence of infectious or communicable disease or any unusual or increased occurrence of any illness that may indicate an outbreak, epidemic, bioterrorism event, or public health hazard.
- Any newly recognized, emergent or re-emergent disease or disease producing agent, including newly identified multi-drug resistant bacteria.

For other organisms/conditions on the reportable disease list, use normal reporting mechanisms. Refer to website for more information.*
